Our Type Selected Free is finally here!

With its floral and citrusy flavor, it provides a unique aroma and intense taste. The outstanding feature: it was especially developed for the production of alcohol-free beer:

- More body and complexity in alcohol-free beer
- Improved mouthfeel
- Pleasant hop aroma

FREE

Floral • Citrusy • Fruity • Spicy

Functional Application

APPLICATION

Addition into the storage tank, ideally before the last filtration step

HIGHLIGHT

Selected hop oil fractions for non-alcoholic/low-alcoholic beers

DOSAGE OF THE STANDARD DILUTION

1–6 ml/hl

PRODUCT ADVANTAGES OF HOP OILS

- No application of solid plant material, therefore less beer loss
- No input of nitrates or microbes
- Reduction of hop dosage towards the end of boiling / whirlpool or during dry hopping
- Unlimited flexibility in the brewing process, especially in high-gravity brewing
- Reduction of the carbon footprint
- High yields due to excellent solubility of aroma components.
